Colrful

Hotkey: F6 Type: command Shortcut: N/A Task: Search images from flickr. This application is a very lightweight & simple but yet powerful image viewer. It has a built in image previewer which is actually two windows. One window for the entire image in high resolution (high quality). The other window is for a detail of the selected image (at a lower resolution) and you can zoom in and out. Its GUI is very simple & intuitive. If you have any problems about the app, kindly email me at sjg9@sjt.edu.sg. We can discuss. Colorful Desktop is a computer program for Windows XP to add extra colors to the System.
